APS provides no guarantee that all of the maximum of five (5) Contractors on contract will be selected for a construction project.

### **B. BACKGROUND:**

APS is soliciting CM Agency services for future construction projects. More information is available on the APS website.

## **II. SCOPE OF SERVICES**

### **A. PURPOSE:**

The Construction Manager (CM) shall provide Staff Augmentation, Project Planning, and Project Management Services as required by APS. In doing so, the CM shall provide sufficient organization, personnel, and management, and attend meetings as called by APS to carry out tasks including, but not limited to, those listed below:

The CM, on a task order basis, may support APS' Design & Construction Services department for special studies or other pre-design efforts.

### **C. DESIGN PHASE SERVICES:**

- A. Review the project design during the Schematic, Design Development, and Construction Document phases ("Design Phases") for the purpose of advising on all design, constructability, and maintainability issues including but not limited to site use and improvements, selection of materials, availability of long-lead time items, building systems and equipment, and construction phasing. Review plans for compliance with project scope and APS' standard Construction Specifications.
- B. Perform detailed design reviews of all building systems, including but not limited to, sprinkler systems, fire alarm systems, egress (safety) requirements, security systems, and assure that designs of these systems and elements comply with APS project requirements.
- C. Perform detailed technical and code reviews of all drawings.

- E. Advise APS of any defects, conflicts, ambiguities, discrepancies, or lack of clarity in contract documents, and/or the applicability of proprietary materials or processes.
- F. Administer and maintain a design phase quality control software, such as Dr. Checks, in order to document, track, and manage all design comments/input to ensure they are resolved, responded to, and incorporated into the documents as required. Be responsible for entering all issues in the software at each Design Phase, ensuring the Architect/Engineer (A/E) team provides a sufficient response to each issue in the software, and back checking to ensure all relevant responses are included in the bid documents.
- G. At the completion of each Design Phase, prepare for APS a detailed estimate of Construction Costs. Attend and participate in a reconciliation exercise at the end of each design phase to compare the CM estimate with that of the A/E, in order to validate both estimates and ensure that both CM and A/E cost estimates are based on the same scope and assumptions. Advise APS and the A/E if it appears that the Construction Cost may exceed the Project budget. Make recommendations for corrective action. Provide timely advice to APS on cost reducing alternatives which can be employed without impairing the overall quality level of the projects, and participate in all cost reduction work sessions conducted by APS.
- H. Develop a quality control program to be incorporated into the project specifications.

- C. Participate in evaluation of bids for responsiveness and responsibility once bids are received. Create a bid tab form in order to document, compare, and evaluate bidder information.
- D. If negotiations with apparent low bidder occur, assist in preparing negotiating positions on behalf of APS staff.

**E. CONSTRUCTION PHASE:**

- D. Retain the professional services of a material testing laboratory sub-consultant to monitor construction contractor compliance with the Contract Documents and in accordance with Arlington County Government's Special Structural Inspections (SSI) requirements.
- E. Determine in general that the work of the construction contractor and subcontractors is being performed in accordance with the requirement of the contract documents. Endeavor to protect APS against defects and deficiencies in the work. As appropriate, make written recommendations to APS regarding special inspection or testing of work not in accordance with the provisions of the contract documents. Propose, implement, and administer quality control software, such as BIM 360, to document, track, and ensure resolution of deficiencies in the work.
- F. Record the daily progress of the Project which contains a record of weather, construction contractors' work on the site, approximate numbers of workers, work accomplished, problems encountered and other similar relevant data.

- I. Review the safety program developed by the construction contractors as required by the contract documents and coordinate the safety program for the project without assuming responsibility for the construction contractor's implementation of site safety activities or for the adequacy or enforcement of the construction contractor's safety program.
- J. Review change orders and assist APS and the A/E in the evaluation of change orders and claims. Endeavor to assist and protect APS in the avoidance of Contract Claims.

- L. With the A/E and APS' maintenance personnel, observe and document the construction contractors' checkout of utilities, operational systems and equipment for readiness and assist with their initial start-up, testing, and commissioning.

The performance of work under this Contract may be terminated by the Purchasing Agent in whole or in part whenever the Purchasing Agent shall determine that such termination is in APS' best interest. Any such termination shall be effected by the delivery to the Contractor of a written notice of termination at least fifteen (15) calendar days before the date of termination, specifying the extent to which performance of the work under this Contract is terminated and the date upon which such termination becomes effective. The Contractor will be entitled to receive compensation for all Contract services satisfactorily performed by the Contractor and allocable to the Contract and accepted by APS prior to such termination and any other termination costs as negotiated by the parties, but no amount shall be allowed for anticipatory profits.

This duty to save, defend, hold harmless and indemnify shall survive the termination of this Contract.

If any action or proceeding relating to the indemnification required by this Section is brought against APS, then upon written notice from APS to the Contractor, Contractor shall at Contractor's expense, resist or defend such action or proceeding by counsel approved by APS in writing, such approval not to be unreasonably withheld, but no approval of counsel shall be required where the cause of action is resisted or defended by counsel of any insurance carrier obligated to resist or defend same.

The Contractor shall pay such expenses upon demand by APS and failure to do so may result in such amounts being withheld from any amounts due to Contractor under this Contract.

Contractor understands and agrees that it is Contractor's responsibility to provide indemnification to APS pursuant to this section. The provision of insurance, while anticipated to provide a funding source for this indemnification, is in addition to any indemnification requirements and the failure of Contractor's insurance to fully fund any indemnification shall not relieve the Contractor of any obligation assumed under this indemnification.

26. INTELLECTUAL PROPERTY INDEMNIFICATION\*

The Contractor warrants and guarantees that no intellectual property rights (including, but not limited to, copyright, patent, mask rights and trademark) of third parties are infringed or in any manner involved in or related to the services provided hereunder.

- c. Commercial General Liability - \$1,000,000 combined single limit coverage with \$2,000,000 general aggregate covering all premises and operations and including Personal Injury, Completed Operations, Contractual Liability, Independent Contractors, and Products Liability. The general aggregate limit shall apply to this Contract. Evidence of Contractual Liability coverage shall be typed on the certificate.

- d. Business Automobile Liability - \$1,000,000 Combined Single Limit (Owned, non-owned and hired).
- e. Arlington Public Schools, its officers, elected and appointed officials, employees and agents, are to be named as additional insureds under all coverages except Workers' Compensation, Errors and Omissions, and Automobile Liability, and the certificate of insurance, or the certified policy, if requested, must so state. Coverage afforded under this paragraph shall be primary as respects APS, its officers, elected and appointed officials, agents and employees. The following definition of the term "APS" applies to all policies issued under the Contract:  
"APS School Board and any affiliated or subsidiary Board, Authority, Committee, or Independent Agency (including those newly constituted), provided that such affiliated or subsidiary Board, Authority, Committee, or Independent Agency is either a Body Politic created by the School Board of Arlington Public Schools, Virginia, or one in which controlling interest is vested in Arlington Public Schools"
- f. If there is a material change or reduction in coverage the Contractor shall notify the Purchasing Agent immediately upon Contractor's notification from the insurer. Any policy on which the Contractor has received notification from an insurer that the policy has or will be cancelled or materially changed or reduced must be replaced with another policy consistent with the terms of this Contract, and APS notified of the replacement, in such a manner that there is no lapse in coverage. Not having the required insurance throughout the Contract Term is grounds for termination of the Contract.
- g. Any insurance coverage that is placed as a "claims made" policy must remain valid and in force, or the Contractor must obtain an extended reporting endorsement consistent with the terms of this Contract, until the applicable statute of limitations has expired, such date as determined to begin running from the date of the Contractor's receipt of final payment.

Thereafter, at its option, APS may require a lower deductible, funds equal to the deductible be placed in escrow, a certificate of self-insurance, collateral, or other mechanism in the amount of the deductible to ensure protection for APS.

The Contractor shall require all subcontractors to maintain during the term of this Contract, Commercial General Liability insurance, Business Automobile Liability insurance, and Workers' Compensation insurance in the same form and manner as specified for the Contractor. The Contractor shall furnish subcontractors' certificates of insurance to APS immediately upon request by APS.

No acceptance or approval of any insurance by APS shall be construed as relieving or excusing the Contractor from any liability or obligation imposed upon the Contractor by the provisions of the Contract Documents.

The Contractor shall be responsible for the work performed under the Contract Documents and every part thereof, and for all materials, tools, equipment, appliances, and property of any description used in connection with the work. The Contractor assumes all risks for direct and indirect damage or injury to the property or persons used or employed on or in connection with the Work contracted for, and of all damage or injury to any person or property wherever located, resulting from any action, omission, commission or operation under the Contract, or in connection in any way whatsoever with the contracted work.

The Contractor shall be as fully responsible to APS for the acts and omissions of its subcontractors and of persons employed by them as it is for acts and omissions of persons directly employed by it.
