**CMAA Honors 12 Projects that Display Construction
and Program Management at its Best**

A dozen projects, ranging in cost from less than \$10 million to more than \$100 million and spanning the spectrum from a community branch library to a major enhancement of one of America's busiest highways, received "Project Achievement Awards" from the Construction Management Association of America on October 9.

The awards were presented as part of CMAA's Industry Recognition Dinner, concluding the association's 2007 National Conference in Chicago. More than 700 professionals from all over the country attended the conference.

Both award winning CMs and project owners were on hand for the presentation.

The winners were selected by an expert jury from among 75 nominees submitted to CMAA earlier in the year.

The Project Achievement Award winners, by category, are:

Buildings, New Construction

Constructed value less than \$10 million: Mark Twain Library at MacArthur Park.
Owner: City of Long Beach, California; CM: Parsons and Totum Corporation.

Program or Program Phase

Open Road Tolling Project. Owner: Illinois State Toll Highway Authority; PM: HNTB.

CMAA has been presenting its Project Achievement Awards since 1999, recognizing instances in which professional construction or program management has made a significant contribution to the successful completion of a challenging project or program.

CMAA is North America's only organization dedicated exclusively to the interests of the professional construction and program management industry. On behalf of its twenty-five regional chapters and more than 4,500 public and private firms and individuals throughout the Nation, CMAA promotes the construction management industry and provides professional resources, advocacy, professional development, certification, and business opportunities to its members. CMAA's national headquarters is located in McLean, Virginia and the Association's website is www.cmaanet.org.
