Expand your knowledge and improve your understanding of professional Construction Management with the only in-person training course based on the CMAA Standards of Practice.

This three-day comprehensive course focuses on Construction Management core competencies and CMAA's body of knowledge. This valuable learning opportunity will benefit those wanting sound basic CM skills, as well as more experienced professionals seeking a refresher, continuing education, or effective preparation for the Certified Construction Manager exam.

Who should attend?
» Construction Managers
» Program and Project Managers
» Resident Engineers
» All levels of experience welcome!

Study Materials
All registrants receive the CMAA Study Kit, which includes:
» Capstone—An Introduction to the CM Profession
» CMAA Construction Management Standards of Practice
» CMAA Contract Administration Guidelines
» CMAA Cost Management Guidelines
» CMAA Quality Management Guidelines
» CMAA Time Management Guidelines
» CMAA Sustainability Guidelines
» A-Series and CM At-Risk Contract Document samples
» CII Publication IR166-3: Best Practices

Credit for Professional Development
CMAA provides professional development credit for those who complete The Professional Construction Management Course™. In order to meet the varied formats for reporting mandated education requirements to licensing boards, credits are identified as Professional Development Hours (PDH) and Learning Units (LU). CMAA is registered with the American Institute of Architects (AIA) and the National Council of Examiners for Engineering and Surveying (NCEES) as an approved provider. Course participants earn 24 PDHs. LUs are available for registered architects. All AIA reports and NCEES transcripts can be accessed electronically by the participant. Partial credit is not assigned. All three days of the course must be completed to receive credit.
