SAME Renews Collaboration with CMAA and Endorses CCM

Society of

American Military Engineers

The Society of American Military Engineers has endorsed the Certified Construction Manager (CCM) credential and will actively promote the CCM to over 30,000 of its

government and civilian members.

"The Society's review has made it clear that the CCM identifies the most experienced and effective professional construction managers," says Brig. Gen. Joseph "Joe" Schrodel, PE, F. SAME, USA (Ret.), "Earning the CCM can advance our members' careers and help deliver successful projects."

As part of a new collaboration with CMAA, SAME will also offer CMAA's Standards of Practice online modules and other professional development resources to its members [[more...](#)]

Owners Continue to Recognize Value of the CCM

Owners continue to show recognition for the CCM in their RFPs and RFQs. A number of organizations continue to push their professional CMs to pursue the CCM; many of them do so by providing both financial and additional recognition for achieving our designation. One of the latest owners to find value and prefer our CCMs in their RFPs and RFQs is the [Chicago Housing Authority](#).

CMCI has certified over 3,200 professionals who believe in the value that the CCM brings to their careers, the distinction among their peers, and the confidence it encourages in their clients.

Call for CCM of the Year Nominations

CMCI is looking for a CCM who embodies the culture of professionalism and quality set forth by the CCM program, to bestow upon the 2016 Mehdi Heydari Culture of Certification Award at this year's National Conference & Trade Show.

Nominees should be true representatives, ambassadors and advocates of the CCM standards. Specific criteria for the award includes; breadth of experience, exceptional customer service skills, community involvement, and providing valuable contributions to the CM profession.

If you, a colleague, or an associate meet the criteria, you are encouraged to [submit a nomination](#).

Please note that all nominations are due by July 8, 2016.

CCM Spotlight

Edward Newman III, PE, CCM, LEED AP

Edward Newman III has been promoted to Senior Vice President and Washington, DC Regional Manager of Hill International. Newman III has over 30 years of PM and CM experience overseeing projects that include offices, schools, transportation infrastructure, water treatment plants, and other heavy civil

construction projects. He is also a registered Professional Engineer in Maryland, Virginia and Pennsylvania.

Sokol Bejleri, CCM, LEED AP BD+C, PMP

Sokol Bejleri has been promoted to Vice President of STV, Inc. Bejleri currently serves as the lead project executive for 12 New York City Housing Authority contracts involving major housing improvements. He has over 30 years of experience managing all aspects of construction projects. Bejleri also previously served as the Albania's Secretary of State on Mines and Energy.

Professional CM Course

Honolulu, HI

August 3 - 5

REGISTER TODAY!

Update Your Membership Information

CMAA has launched its new membership management system. If you haven't already, please [login to the new system](#) and verify your membership information. If you're having trouble navigating the new system, please visit CMAA's [membership FAQs page](#) or contact support@cmaanet.org for assistance.

Conference Registration Now Open

Registration for CMAA's National Conference & Trade Show, from October 9-11 in San Diego, CA is now open. Register before Aug 18 and save up to \$400. Events held in San Diego are among CMAA's most well attended, therefore attendees who require lodging should not delay. For more information, and to register,

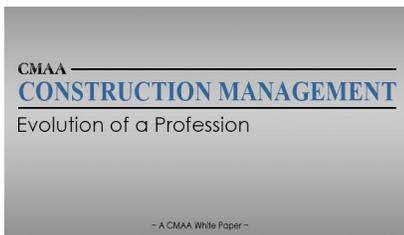

please visit the official [2016 National Conference website](#).

How Do You Use Business Intelligence?

Business Intelligence (BI) is a process by which data is collected, analyzed and reorganized into information that managers can use to make strategic decisions. CMAA's Emerging Technologies Committee asks that you complete [this brief survey](#) to help them determine how CMs use BI. The survey's results will be used in

an upcoming white paper and as a focal point of an ed session at this year's National Conference & Trade Show.

Evolution of the CM Profession

CMAA recently published a [white paper](#) on the evolution of CM as a profession. The whitepaper looks at CM's progression from a function performed by a contractor to its own unique profession. The white paper also discusses the factors that created the

foundation for CMAA and CMAA's vision for the future of CM.
